# Terminate Russia membership in the World Puzzle Federation

Please vote for termination of the [Russia membership in the World Puzzle Federation](#) (WPF). In February 24, 2022 Russia started war in Ukraine (actually its active military full scale phase). Since then ALL major sport and culture world organizations have suspended Russia memberships, while WPF failed to do so. 83% of Russians support war in Ukraine. 95% of Russian military support war in Ukraine. 99% of Russian politics support war in Ukraine. World must say NO to Russia in any and each possible way.

## WPF Statement

# WPF STATEMENT ON WAR IN UKRAINE

The World Puzzle Federation condemns the Russian invasion of Ukraine and, as a reaction to this unprecedented war, has decided to terminate the Russian membership in the WPF.

The majority of Board members voted to ban Russian and Belarussian teams from the WSC & WPC for the necessary time. Players from these countries are still welcome to participate in the WPF events as individuals and under a neutral flag. The Russian puzzle round from this year's edition of the WPF Grand Prix will be replaced.

We understand that our puzzle friends from Russia and Belarus were drawn into this situation unintentionally, but we feel the need to express our support for the effort of the Ukrainian people and their desire to live in a peaceful and democratic society.

We all hope that their suffering will end and such unprovoked war never happens again. The endeavor of those brave Russians and Belarusians who revolted against the evil regime should be remembered too.

I know actions like this unfairly affect Russian puzzlers who don't support Putin's unconscionable invasion of Ukraine. But Russia's invasion has unfairly affected millions of Ukrainians; thousands have been killed. Since about 50% of people enjoy puzzles, this means that puzzlers have been attacked, injured, and killed. There is a very real risk that... [Read more](#)

Я підписуюся під петицію, бо вважаю що нецивілізованим світом не місце в цивілізованому світі, і якщо ти погрозуєш ядерною зброєю цьому світу на офіційних медіа країни - ти не має брати участь у будівництві цього світу. Допоможи росії не навчатися жити в мирі з сусідами - їй не місце серед них.
